

Ojai Valley Green Coalition

is pleased to announce its

Winter Salon Series

Thursday, Feb. 16th - 7 to 9pm

the theme of the evening:

How We Are Nurtured By Nature

Through the ages, many have turned to nature to lift their spirits. It is a known fact that patients heal faster when nature is visible outside their hospital window. Has nature helped nurture you at (in difficult) times? Come and share with word, song, or visual how the natural world has uplifted, healed and strengthened you. Come share what speaks to you, or just come to sit in the circle and listen.

The evening is a casually structured conversation, hosted by Bettyanne Sessing and Bob Sorel.

In every walk with Nature, one receives far more than he seeks.
