The Watershed  
Action Committee  
*presents:*

## What Is a Watershed?

An introduction to the  
Ventura River

by Paul Jenkin

April showers and May flowers are a perfect reminder that water and land use define the Ojai Valley and the Ventura River watershed. Our **Watershed Committee** will lead you through the steps of where our water comes from and how land use affects water supply and water quality. Then learn ways we can protect our watershed, as we become better stewards of our precious resources to ensure a sustainable future. *Please join us!*
