

*“Turning Water Scarcity
Into Water Abundance”*

A Slide Show and Book Signing with Brad Lancaster

**The Ojai Valley Green Coalition welcomes
best-selling author Brad Lancaster
to our Ecology and Community series**

Thursday August 28, 2008 • 7:00 pm • \$2 donation

Jim MacDonald, a Ventura County top building official, will start the evening with a discussion of the county’s new greywater codes.

Get out your shovels and dance in the rain! That’s what Brad’s book *Rainwater Harvesting, Vol. 2* will make you want to do . . . Beyond that, it will:

- Show you how to select, place, size, construct, and plant your chosen water-harvesting earthworks.
- Present detailed how-to information and variations of a diverse array of earthworks, including mulch, vegetation, and greywater recycling, so that you can customize the techniques to your site.
